

My name is Lori Mastrogiacono. I live in Stamford, CT. I am a Board Certified Behavior Analyst (BCBA) and I provide consultation to public school districts, home-based teaching programs, and in-home parent training programs to support children diagnosed with autism and related disorders, children with attentional difficulties, and children with behavioral challenges.

I am IN FAVOR of SB 1089 sections 23 – 29. I believe this legislation will help protect children and families from potentially receiving services from underqualified individuals, thus risking vital progress toward bright, independent futures for these children. These children deserve to receive evidence-based treatment that will make a difference. This matter is urgent. **PLEASE PASS THIS BILL.**

Thank you for your consideration.

Lori Mastrogiacono, M.A., BCBA
